

Annual Student Disclosures

In order to help you make an informed decision about your career education and decide if the programs we offer at the Advanced Training Institute meet your needs, we have provided the latest Integrated Postsecondary Education Data System (IPEDS) graduation, retention and student body diversity rates for your review.

Annual Graduation Rate

The annual graduation rate is calculated based on a cohort of full-time, first-time, certificate-seeking students, enrolled from September 1, 2011 through August 31, 2012 and for whom 150% of the normal time for program completion has elapsed as of August 31, 2014. IPEDS defines full-time as a student enrolled for 24 or more clock hours per week each term. All ATI students are enrolled for 20 clock hours per week each term, making them part-time. IPEDS does not calculate an annual graduation rate for part-time students.

Annual Retention Rates

Annual retention rates are calculated based on the percentage of first-time certificate-seeking students enrolled from August 1, 2013 through October 31, 2013, who are still enrolled or have completed their program as of August 1, 2014. Rates are reported for both full-time and part-time students.

Full-Time Retention Rate	Part-Time Retention Rate
N/A	62%

Annual Student Body Diversity

Annual student body diversity rates are based on the number of students enrolled from July 1, 2013 through June 30, 2014.
