About Advanced Training Institute

Air Conditioning Technical Institute was established in October 2002 and transitioned into the Advanced Training Institute in February 2007. In September, 2012, ATI moved into a new modern facility. The ATI campus is approximately 63,000 square feet, with 27,500 square feet of lab space dedicated to the Automotive Technology, HVAC/R, and Electrician labs. ATI is licensed by the State of Nevada Commission on Post Secondary Education.

ATI is proud to provide employers in the Las Vegas market with a group of highly-skilled technicians. It is the goal of ATI to set the standard for training of Electricians, HVAC/R and Automotive Technicians throughout the Southwest, by producing fully-trained and certified graduates.

How do I get started?

Meet with the ATI Admissions Department,
it's that simple!

Overview

HVAC/R Technicians can work in a variety of environments, from residential and commercial to new construction and of course, many work as or for independent HVAC/R contractors making service calls. The work may entail installing new systems to maintaining and updating older equipment.

What will I be trained in as a HVAC/R Technician?

ATI's HVAC/R program is a comprehensive program, which prepares graduates for a variety of entry-level positions. As a graduate of the ATI program, you will gain knowledge in commercial and residential:

- Refrigeration
- Ice Machines
- Heating
- Heat Pumps
- Ventilation
- Air Conditioning
- EPA Certification
- HVAC Excellence Certifications

Graduates of the ATI HVAC/R program can work in a variety of environments, including:

- Residential
- Commercial
- Industrial maintenance
- New construction

What are some of the jobs I will be prepared for as a graduate?

- Facilities Manager
- Maintenance Technician
- Field Service Technician
- Installer

Why take the ATI HVAC/R program?

- 10.5 months of training.
- Hands-on training
- Financial Aid is available for those who qualify.
- Career placement assistance for graduates.
- Accredited Member ACCET
